

Mellanox Ozone Depleting Chemicals Declaration of Conformance

January 28, 2018

Declaration

This is to certify that the Ozone Depleting Chemicals (ODC) are not contained in the Mellanox Technologies products; additionally they are not used in the manufacturing process of Mellanox sub-tier suppliers.

Montreal Protocol was implemented by Israel in 2004 stating limitations on import, manufacturing and export of products containing ODC.

ODC are prohibited in manufacturing of Mellanox products according to Mellanox hazardous material control procedure.
